## HARTNEY, Stephen

My wife daughter and I have lived happily in Highett for 23 years. I am a professional engineer, my wife is a long standing volunteer with Family Life and our daughter has just finished law at university. I am worried about some decisions coming out of

our Council. Rates have gone up by about 6 % per annum in the last 4 years. Why? Where is our money going? They are experimenting with different ways to deliver their traditional community services - hard rubbish collection and childcare facilities are two that come to mind. What are they possibly thinking? Large commercial retail and high-rise residential developments such as those near Highett Railway Station are changing the character of these areas forever. What about the public safety and open space considerations? I believe we need new and stronger voices on Council contesting the decisions that have an impact on our community.

## NEWELL, Michaela

Transparency and good governance are important in Bayside. If elected, I will deal with matters in an open and responsible way, with residents' needs always in mind. When decision making, I will consult with those affected, not just follow

advice from third parties. I was born and bred in Bayside, am a rate payer, local small business owner and the endorsed Greens candidate. I co-founded The Big Give charity, which has fed and entertained hundreds of disadvantaged people every Christmas day since 2003. I also founded The Animal Rehoming Service charity, which has re-homed over 4000 animals since 2000. If elected, I will enhance the variety of services available to families, the elderly and the disadvantaged. With a corporate background and sound financial skills, I will take my position and the efficient handling of Bayside finances, very seriously. For further information, please call me on 0409 21 31 31.

## KIRK, Mitchell

As a younger person born and bred in Bayside, I see clearly the great attributes of Bayside Central with "fresh eyes" and have a zest for valuing, retaining and building on the best our precinct has to offer and

make the heart of Bayside even better. As a younger person I seek to achieve my vision by consulting widely throughout our community and using a modern technologies and approaches to search, find, promote and deploy "from global to local" best practice in all respects from consultation and planning to service delivery. Having been educated at Haileybury College and Brighton Grammar, I've actively engaged in sporting and community activities within the locality and have built a strong community network. Specifically, with your vote, I can represent our community and take a stand against the spread of unwanted and unsightly residential development and enforce appropriate planning controls and good urban design practices.

## NYAGUY, Robbie

I am a lifelong Hampton resident and love Bayside. I believe in community Labor values, working to deliver improvements to our local services like libraries, child care, aged care, youth and family services. I will never

support the closing of our local services. I am committed to protecting our built and natural environment, investing in local open spaces so they are great leisure and recreation environments for families, children and the elderly. I will move to return twice yearly hard rubbish collection and support local recycling. Your Council must be a place of creativity and innovation supporting local businesses, community groups and sporting clubs. Highett, Hampton and Hampton East should receive their fair share of Council funds. Bayside can be better for all of us, and that is why I am determined to fight for you on Council as your representative. It's time for a fresh voice.

## FREDERICO, Felicity

Your Independent Community Voice. My husband, our two school-aged children and I (lifetime resident) proudly live in Central Ward. Four years ago I was honoured to be elected to represent you, demonstrating energy, passion, commitment and responsiveness in understanding and resolving your needs. I have listened and will continue to listen. I'm actively part of our local community, serving on many local sporting and charitable boards and committees. I recently used my 20-years management and marketing experience to help raise \$32,000 for our vital Sandringham Hospital. Many issues still need addressing: appropriate development, parking and traffic congestion, shopping centre upgrades, wise use of our scarce open spaces - including advocating for open space at CSIRO, dog off-leash areas, pavilion upgrades, lighting for all sports ovals and netball courts, kinder resourcing, community childcare, sensible tree management. Support me, in supporting you. Together we can make Bayside an even better place. 0425 296 854; [ffred@bigpond.net.au](mailto:ffred@bigpond.net.au)

## PAGE, Neville Laurence

Successfully running my own architectural business for the last 30 years and as a RAIA Fellow I come fully prepared to offer my skills, ideas and professionalism serving on Bayside council. Designing municipal buildings

around Victoria has given me an overview of what other councils are doing. My wide experience has given me an understanding of the needs and the hopes of Bayside residents, business and ratepayers. However, I make no promises to be able to fix every problem. I simply offer to work hard as your ward councillor and pledge to listen to your needs by judging all issues on their merits. Being independent, I am not bound by any outside influences. Being part of a strong family unit with a strong sense of volunteerism demonstrated by activism in many community groups including Rotary, I now want to extend these commitments to serve you as your Central Ward Councillor.

## LINCOLN, Clare Victoria

I would like your support to make Bayside a better place to live. I have extensive local knowledge of Bayside having been a resident for over 20 years and raising 3 children in the area. As your Councillor, I will address local concerns such as

traffic management, lack of parking, pedestrian safety and town planning issues. I'm particularly interested in developing recreational and leisure facilities for people of all ages and stages to help them connect with their community. As a mother I want to promote sensible drinking across the whole community; eliminate family violence and control gambling. In my profession as a Psychotherapist, I assist young people with a serious mental illness, promoting early intervention in mental health care. I believe we need elected representatives who are prepared to work with the community for the greater benefit of all and put aside any personal agendas.

## LOWE, Bruce

After 17 years as a respected member of the Victorian Police and now an active member of the Bayside community, I would like to become a councillor of Bayside to make a real difference within council as the representative of integrity and commitment. I would like to break the existing factions whereby the mayoralship is shared according to the whim of a select few and make sure funds and energy are spent on the things that matter to the families of Bayside. I will provide you with a voice to enable you to be heard. I have been married for 25 years and have two children living at home (one at university and one studying year 12) and will ensure Bayside remains a vibrant, family oriented municipality and the envy of Victoria.

## THOMAS, Norm

Three generations of my family have lived in Brighton, I have been involved in many aspects of community and sporting life in the area. As a past councillor for Brighton the experience will stand me in good stead for future involvement. I have engaged in numerous local and overseas community projects with Rotary and remain an active member with a local yacht club. Brighton is one of the best local councils within the state and I would like to ensure this remains so. With still much to improve, including the safety and welfare of our community, more crossings for our local pedestrians, far greater operational effectiveness of council with less red tape, plus good management of infrastructure development. I believe my background and expertise in senior corporate management and project leadership both locally and overseas gives me the credentials to actively participate in the professional management of our great municipality

## HOULT, Brandon

Ever since running as an independent candidate for Mordialloc in the Victorian State Election in 2010, I have been keen to run as a councillor for Bayside City Council Central Ward. I am a long-term local resident of Bayside and was born at Sandringham hospital in 1980, grew up in Cheltenham and Highett and now reside in Hampton East. If I am successful I wish to provide seats at every bus stop, protect the woodlands at the CSIRO and improve the maintenance of roads, footpaths and storm water drains. I would also like to enhance the appearance of Hampton street, return to a biannual hard rubbish collection, and raise fines for graffiti and tagging vandals. This will be in conjunction with increased street lighting and additional video surveillance near train stations and near car parks. To keep rates low vote 1 Brandon Hoult back to basics

## SHELLEY, Bruce

I am a long-term Bayside resident living in Highett with my wife, who is a school teacher, and two young boys. I am committed to the community and understand the important issues in Central Ward, which concern many Bayside residents. If elected, I would work diligently to serve all local residents. I am concerned with the pressure of over development in our municipality, and believe that it is critical to protect the environment, in the manner that preserves the village ambience of our beachside suburb. I strongly support a consultative approach with local residents to all development issues. I believe in supporting local business which is integral to our community and with a successful background in retail sales management I have much to contribute. My involvement with local community groups, including school education committees, soccer and lifesaving clubs, enables me to listen and understand the concerns of local residents.

## LONGMORE, Vere

The chance to represent my community is such an exciting opportunity. Through my community service with the elderly and blind, sporting engagements in Bayside and schooling at Brighton Grammar and Haileybury, I believe I know what the community values. For a brief period, my family and I lived in the United Arab Emirates. My travel has allowed me to absorb many communities and urban plans, and essentially pick out the best practises. I now study Architecture and Construction Management, serving my passion of development. Some terrific gems make the Central Ward what it is. With the right planning we can bring the Central Ward to an unparalleled standard. This will not only lead to greater pride in where we live, but also financial, social and environmental benefits. Let me represent the youth, business owners, families and our elderly community and together make Bayside a great place to live and work.

**ARNHOLD,  
Ern**

Having lived in Bayside most of my life I know the problems that face our community I have decided to stand for council as I do not want our community missing out by a sudden shift in council direction. With extensive experience in aged care I believe that maximum assistance should be provided to the elderly remaining in their own homes with dignity. Child care is also under threat. You deserve an independent councillor with enthusiasm and integrity to stand up and be counted to be your voice for central ward and undertake to represent your interests openly, honestly and uninfluenced by political interference. The community must be protected from: inappropriate development, the foreshore protected, traffic better managed. The New Street gates opened, return to the twice yearly rubbish hard rubbish collections. We need safe streets clean parks, quality sporting facilities open to all, sound financial management at budget time.

**SCAVONE,  
Michael**

As a Bayside resident and currently working as a consultant pharmacist I have a good understanding of local community needs and how they have been managed and delivered by Council. If elected, I promise to actively participate in and contribute to all matters considered by Council. I will ensure that prudent economic management of council administration and services becomes the norm. The community must no longer tolerate escalating costs or mismanagement as justification for excessive annual rate increases. I believe that health services for special interest groups including for the aged and early childhood are better provided and delivered through improved collaboration with State and Federal Governments. Traffic flow and parking issues should be immediately addressed. The parking problem will only worsen as more developments are approved and built. Council has undertaken many local transport reviews in the past and must now act to implement recommendations.

**COOPER-SHAW,  
Louise**

As your current Mayor and Ward Councillor, if re-elected, I would be honoured to continue to represent your interests on Council. Bayside needs continuity, experience and balance. In my service to the Bayside community I have worked diligently in the interest of all residents. If re-elected, I will continue to manage housing density providing greater clarity and certainty to residents and developers. Ensure transparency in all Council deliberations. Listen, respond and advise on issues that affect you. Engage the community in conversations on childcare, youth services and aged care. Deliver prudent financial management, setting rates responsibly. I have postgraduate qualifications in Psychology and Business with extensive experience as a University Lecturer and Management Consultant for organisations. Married with two adult daughters, Bayside has been my home for over 20 years. I value our unique community and embrace the opportunity to make my contribution in the best way I can.

**WALCH,  
Nola**

We chose Bayside 16 years ago, just before the birth of our first child. For the parks, foreshore, clean air, childcare, kindergartens, schools, public transport, architectural diversity, neighborhood shops, beautiful streetscapes, sporting facilities, rich heritage, aged care infrastructure, safety, village lifestyle, holiday atmosphere, and the Bay. My Mallee farm raised husband loves the open space. His sister, my sister, my septuagenarian parents, our cats and dogs are also residents. Bayside is our home. Inappropriate development, inefficiency, wastefulness, inadequate financial control, New St gate closure, and eviction of the elderly threaten all the amenities above that drew us here. As a qualified risk manager, I resolve problems - investigate, analyze, formulate, implement, review, revise, maintain and improve. With your support, I will utilize these skills to protect our community and remind Council that "people" are "core business". Help me keep Bayside a great place to live, work and play. **CASTELLI,  
Sonia**

I need your support to do what is needed for Bayside. I am a Bayside resident and a mother of three teenage children. I am a qualified registered nurse and past financial advisor. If elected I would like to see more Council funds directed towards families. We need more childcare centres and kindergartens. Library services for children should be increased. I will fight to keep our shopping centres low rise and protect our leafy residential streets from overdevelopment plus safety and welfare of residents. I will stand up to the need of our local businesses. I will argue for the efficient use of rate revenues to allocate funds to the effective maintenance and sharing of public facilities, predominantly our beaches, sporting grounds and parks, to build a cleaner and safer Bayside. Council must actively support our traders and ensure the provision of quality services to the elderly.

**HANLIN,  
Mike**

I have resided in Hampton for 46 years. My wife and I with our 4 children have seen Bayside grow and develop. Having been a volunteer on school, kindergarten and sporting club committees, I have observed at close range the needs of the residents of Bayside. I was elected to Council for the City of Sandringham in 1984 and was Mayor in 1988 during which I initiated a community plan which was adopted and brought to fruition with the enthusiastic support of the community councillors and council staff. In my 10 years on council many goals were achieved eg. Hampton beach renourishment, library upgrading, increased youth facilities, traffic management, road and footpath maintenance, responsible financial management to keep rates at a realistic level. These and many more facilities need to be maintained and many more planned I ask for your support to achieve my vision for a better Bayside.

Dear Resident. My name is Damon Carli, and I have lived in the Bayside area for over 26 years. Importantly, I believe I have the necessary attributes to be elected as a councillor. Firstly, with my youth I bring many qualities: fresh and innovative ideas; passion; and a deep determination to make a real contribution to the Bayside community. Many policy areas engage me: infrastructure (making sure there is enough street-lighting and safe footpaths); and the environment (preserving parks and foreshore, and cleaning up graffiti). My qualifications: I have nearly finished my Masters degree in Business, which ranks me amongst the most qualified in Business. I have also worked as a Treasurer, with a budget firmly under my control. As a result, I possess effective management skills and a deep knowledge of finance. To conclude: Bayside is in need of a change. And I am ready for the challenge.

As a recent past Mayor I seek your support for re-election to enthusiastically represent you with empathy in Central Ward. As a five term Councillor I know how to best deal with the challenges that now confront us. I will protect ratepayers from unsound financial management, waste and inefficiency. I will fight inappropriate development and only support planning applications where they enhance our residential amenity and the village or beachside atmosphere of Bayside. Protection of the foreshore, environment and architectural heritage is paramount. I will direct more funding for mental health services, libraries, aged care, recycling and parks maintenance. Graffiti removal and a greater police presence is a must. I am a JP, recipient of the Bravery Medal and Australian Defence Medal. Served in leadership roles as: Rotary Assistant Governor and District Director, Director of MCO, President of the Australian Bravery Association.
