

Petition to Bayside City Council: SAVING BEAUMARIS CONCOURSE GREEN SPACE

We, the undersigned, respectfully petition Bayside City Council:

- to retain, at its present size and extent, the grassed and treed open space area at the Beaumaris Concourse that is bounded by North Concourse, the internal car parking area of the Concourse, South Concourse, and Reserve Road;
- to thoroughly assess any claims made to the Council that more car parking spaces are needed at the Concourse, before responding to any such claims; and
- to adopt a policy that action that might be considered necessary for managing car parking will not include any decrease in the size of, or any encroachment upon, publicly-owned vegetated open space areas in, or adjacent to the Concourse.
